Description

Goal:

To create the **Parent Schedule UI**

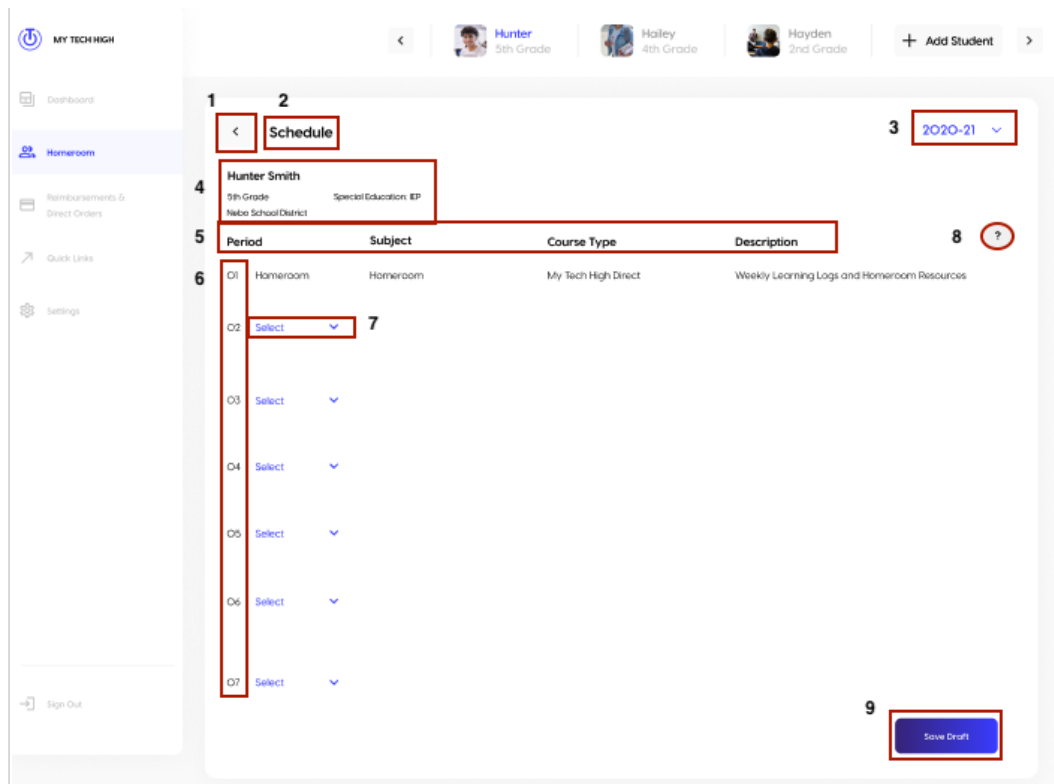

So that:

Parents are able to **create a schedule**

Details:

Once parents have gone through and filled out all enabled pages/steps in the Schedule Builder process (see story/navigation done criteria for reference), the last step will be to actually **create the schedule**. When the parent lands on the schedule builder page, **they should see the blank schedule UI (see below)**

 **Schedule Builder UI:** [https://www.figma.com/file/8LI36Xr5VdlvRw3fekAC5d/MTH---Product-Review-\(Erin\)?node-id=42841%3A27152](https://www.figma.com/file/8LI36Xr5VdlvRw3fekAC5d/MTH---Product-Review-(Erin)?node-id=42841%3A27152)

Please see the details of the UI below with the associated numbers:

1.Back Chevron

There should be a back chevron box on the top left corner of the page

2. Page Title

The page title should always be “Schedule”

3. Years Dropdown

There should be a blue classic years dropdown on the **top right corner of the page**

4. Student Information Section

Right below the back chevron and the title, the parent should see the **students name, grade level, school district, and their special education status**

- If the student is not considered special education, the special education status **should not exist**

Please Note: If the diploma-seeking status has been enabled and selected by parents, it should also appear in this section, but this will be included in the[functionality ticket]<https://mytechhigh.atlassian.net/browse/INFOCTR2-280>

5. Page Columns

There should be four page columns listed out from left to right as: “Period,” “Subject,” “Course Type,” and “Description”

6. Period Numbers

Parents will see a **list of periods underneath the period column**

- **Please Note:** This list will be connected to the admin end, but pulling the period numbers from the admin end will be **included in the functionality ticket**

7. Select Dropdowns

Next to the periods, there should be blue **“Select”** dropdowns with arrows facing down by default

8. Information Tooltip

All the way to the right of the column row, parents should see a **black question mark icon shown with a grey circle background**

9. Save Draft Button

On the bottom right of the page, parents should see a **“Save Draft”** button

- This button should be **blue with white text**

Parent Story:

- Parent logs into Infocenter
- Parent **sees the notification to submit the schedule**
- Parent clicks **“Submit Now”**
- **Parent is either:**
 - [Taken to the Schedule Builder UI](#) (if testing preference and diploma-seeking have been disabled)
 - [Taken to the Testing Preference main page UI](#) (if enabled)
 - Parent fills out the testing preference main page and clicks **“Next”**
 - **Parent is either:**
 - **Taken to the diploma-seeking page** (if the parent did not select an opt-out option and the diploma-seeking page has been enabled)
 - Parent fills out the diploma-seeking page
 - Parent clicks **“Next”**
 - [Parent sees the Schedule Builder UI](#)
 - **Taken to the [Schedule Builder UI](#)** (if the parent did not select an opt-out option and the diploma-seeking page has been disabled)
 - **Taken to the opt-out form** (if they selected an opt-out option on the main page)
 - Parent clicks **“Next”**
 - **Parent is either:**
 - Taken to the **Diploma-seeking UI** (if enabled)
 - Parent **fills out the Diploma-seeking page**
 - Parent clicks **“Next”**
 - [Parent sees the Schedule Builder UI](#)
 - [Taken to the Schedule Builder UI](#)
 - [Taken to the Diploma-seeking UI](#) (if testing preference has been disabled)
 - Parent fills out the diploma-seeking page
 - Parent clicks **“Next”**
 - [Parent sees the Schedule Builder UI](#)

Done Criteria:

Schedule Builder UI Navigation Done Criteria (see linked blocker tickets with done criteria references):

1. If the parent clicks on the **“Submit Now”** button on the schedules notification from the dashboard or the homeroom and if:
 1. **Testing preference and diploma-seeking are disabled:**
 1. They should be taken **directly to the Schedule Builder UI**
 2. **Testing preference and diploma-seeking are enabled:**
 1. The parent will **need to fill out the testing preference, opt-out testing preference (if applicable), and diploma-seeking pages before navigating to the Schedules UI**
 3. **Testing preference is enabled and diploma-seeking is disabled:**

1. The parent will **need to fill out the testing preference and opt-out testing preference (if applicable) pages before navigating to the Schedule Builder UI**
4. **Diploma-seeking is enabled and testing preference is disabled:**

1. The **parent will need to fill out the diploma-seeking page before navigating to the Schedule Builder UI**

General UI Done Criteria:

1. There should be a **back chevron** with a light grey box background on the **top left corner of the page**
2. The page title should always be **“Schedule”**
3. There should be a **blue classic years dropdown on the top right corner of the page**
4. Right below the back chevron and the title, the parent should see the **students name, grade level, school district, and their special education status**

1. If the student is not considered special education, the special education status **should not exist**
5. There should be four page columns listed out from left to right as: **“Period,” “Subject,” “Course Type,” and “Description”**
6. Parents should see a **list of periods underneath the period column**
7. Next to the periods, there should be blue **“Select”** dropdowns with arrows facing down by default
8. All the way to the right of the column row, parents should see a **black question mark icon shown with a grey circle background**
9. On the bottom right of the page, parents should see a **“Save Draft”** button

1. This button should **be blue with white text**

Hi! [Erin Sublette](#)

Sending this one over. It should be all set! 😊
