Description

Goal:

To connect the diploma-seeking status of **subjects/titles and providers/courses to the parent end**

So that:

Diploma-seeking **subject/titles and providers/courses are only offered to diploma-seeking students**
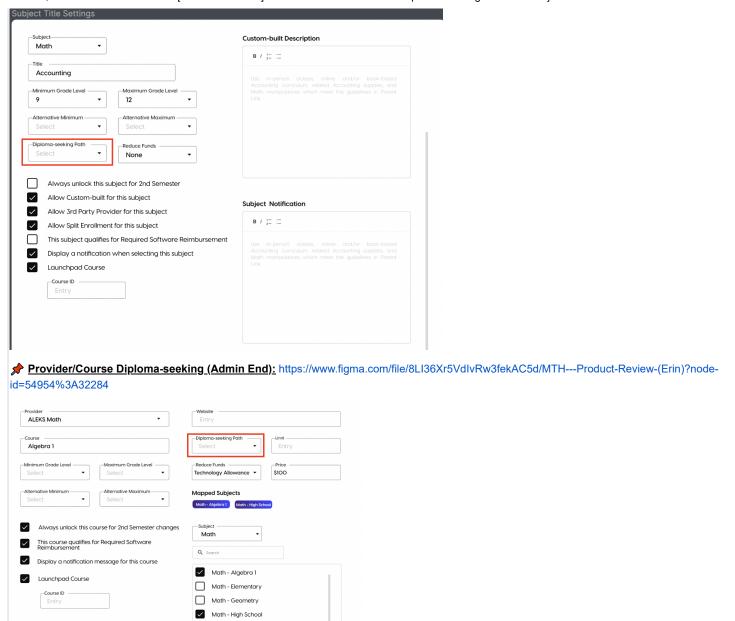

Details:

If the diploma-seeking option has **been enabled on the admin side** and the admin is setting up a subject/title or a provider/course, they will have the **option to select between three different scenarios**

Please see all details below:

> **Please Note:**
>
> **This will only be applicable to regions in which the admin has enabled the "Diploma-seeking" in the Program Settings**

📌 **Subject/Title Settings Diploma-seeking Dropdown (Admin End):** https://www.figma.com/file/8Ll36Xr5VdIvRw3fekAC5d/MTH---Product-Review-(Erin)?node-id=57693%3A36046

📌 **Provider/Course Diploma-seeking (Admin End):** https://www.figma.com/file/8LI36Xr5VdIvRw3fekAC5d/MTH---Product-Review-(Erin)?node-id=54954%3A32284

📌 **Diploma-seeking Dropdown:** https://www.figma.com/file/8LI36Xr5VdIvRw3fekAC5d/MTH---Product-Review-(Erin)?node-id=54954%3A32484

Available for Both

Diploma-seeking Only

Non Diploma-seeking Only

Diploma-seeking Functionality on the Parent Side:

If diploma-seeking has been enabled on the admin side, this means that the parent **will have to fill out the status of their student before proceeding to the schedule builder page**

- The diploma-seeking (if enabled) will **also** be required on the admin end when they are filling out the **subject/title and provider/course pop-ups**

When the admin selects a status from the dropdown, it will determine which group of students will see that subject/title or provider/course (please see all possible scenarios below)

Please Note:

Pre-requisite to diploma-seeking rules:

Students will need to be **within the grade levels of the subject/title or course/provider to make selections** - regardless of their diploma-seeking status

1. **Available for Both:**
   1. If the admin selects this in the dropdown for a **subject/title:**
      1. **Both diploma-seeking and non diploma-seeking** students should see the **subject/title on the Schedule Builder**
   2. If the admin selects this in the dropdown for a **provider/course**:
      1. **Both diploma-seeking** and **non diploma-seeking** students should see the **provider/course on the Schedule Builder**
2. **Diploma-seeking Only:**
   1. If the admin selects this in the dropdown for a **subject/title:**
      1. **Only diploma-seeking** students should see the **subject/title on the Schedule Builder**
   2. If the admin selects this in the dropdown for a **provider/course:**
      1. **Only diploma-seeking** students should see the provider/course **on the Schedule Builder**
3. **Non-Diploma-seeking Only:**
   1. If the admin selects this in the dropdown for a **subject/title:**
      1. **Only non diploma-seeking** students should see the **subject/title on the Schedule Builder**
   2. If the admin selects this in the dropdown for a **provider/course:**
      1. **Only non diploma-seeking** students should see the provider/course **on the Schedule Builder**

Admin Story

- Admin enables the diploma-seeking functionality in the **Program Settings for their region**
  - Admin selects a **diploma-seeking option from the dropdown for a subject/title**
  - Admin selects a **diploma-seeking option from the dropdown for a provider/course**

Parent Story

- Parent logs into InfoCenter
- Parent clicks on the **"Submit Now"** schedule notification
  - After navigating through/completing all enabled/required sections, the parent **lands on the diploma-seeking page**
    - Parent selects a Diploma-seeking status for their student (please see scenarios below)
- **Scenario 1: Parent selects a "Diploma-seeking" status and clicks "Next"**
  - **Parent is sent to the Schedule Builder page**
    - Parent selects a **period/category**
    - Parent sees the **"Select" dropdown** in the subject column
    - Parent clicks on the **"Select" dropdown**
    - Parent only sees subjects/titles in the subject/title menus that are either for **diploma-seeking students** or for **both** non diploma-seeking and diploma-seeking students
    - Parent selects a subject/title
    - **Parent clicks on "Course Type" dropdown**
      - Parent selects **"My Tech High Direct"**
        - Parent sees the **"Select" dropdown appear in the description section**
        - Parent clicks on the **"Select" dropdown**
          - Parent only sees **providers/courses** in the provider/course menus that are either for **diploma-seeking students** or for **both** non diploma-seeking and diploma-seeking students
- **Scenario 2: Parent selects a "Non Diploma-seeking" status and clicks "Next"**
  - **Parent is sent to the Schedule Builder page**
    - Parent selects a **period/category**
    - Parent sees the **"Select" dropdown** in the subject column

- Parent clicks on the **"Select" dropdown**
- Parent only sees subjects/titles in the subject/title menus that are either for **non diploma-seeking students** or for **both** non diploma-seeking and diploma-seeking students
- Parent selects a subject/title
- Parent clicks on "**Course Type"** dropdown

  - Parent selects **"My Tech High Direct"**

    - Parent sees the **"Select" dropdown appear in the description section**
    - Parent clicks on the **"Select" dropdown**

      - Parent only sees **providers/courses** in the provider/course menus that are either for **non diploma-seeking students** or for **both** non diploma-seeking and diploma-seeking students

Done Criteria

1. When the diploma-seeking status is **enabled on the admin end** and the parent selects the diploma-seeking path for thieir student, the admin and parent sides should be connected and only reflect **subjects/titles or providers/courses with the corresponding diploma-seeking status of the student**
2. Students should be **within the grade levels of the subject/title or course/provider to make selections** - regardless of their diploma-seeking status
3. If the admin selects **"Available for Both"** in the dropdown for a **subject/title,** <u>both</u> diploma-seeking and non diploma-seeking students should **see the subject/title on the schedule builder**
4. If the admin selects **"Available for Both"** in the dropdown for a **provider/course**, <u>both</u> diploma-seeking and non diploma-seeking students should **see the provider/course on the schedule builder**
5. If the admin selects **"Diploma-seeking Only"** in the dropdown for a **subject/title,** <u>only</u> <u>diploma-seeking</u> students should see the **subject/title on the schedule builder**
6. If the admin selects **"Diploma-seeking Only"** in the dropdown for a **provider/course,** <u>only</u> <u>diploma-seeking</u> students should see the **provider/course on the schedule builder**
7. If the admin selects "**Non Diploma-seeking Only"** in the dropdown for a **subject/title, only non diploma-seeking** students should see the **subject/title on the schedule builder**
8. If the admin selects "**Non Diploma-seeking Only"** in the dropdown for a **provider/course, only non diploma-seeking** students should see the provider/course **on the schedule builder**
